12:30 Out for Potty	7:30 XPen-Time	
12:45 Play-time/Explore		

This is only to serve as a guideline. You day may start earlier or go later, adjust as you need to. The key items are trying to get 3 two hour naps per day. Training & Socialization can be squeezed into Play and Explore times.

I recommend 3 meals a day until puppy is 6 months old. You can go down to 2 naps at that time too.
